Life AvedaTM
A True Devotion to Healing

a product of
Aveda Ayur

About us

Aveda Ayur established in the year 2019, with a true devotion to making the world aware of the beauty of ayurvedic herbs and their healing effects on our body. Our specialized team of ayurvedic doctors has done extensive research in searching out hidden formulations mentioned in ayurvedic texts like Charak Samhita, Sushrut Samhita, Ashtang Hridayam, and botanical texts like Bhav Prakash Nighantu to create awareness about the magic that ayurvedic herbs can do. Scientifically designed herbal formulations that pass through rigorous quality tests at all the stages from raw material selection to the final product formulation.

Our Vision

Aveda Ayur has a vision to establish itself as a global brand for dietary supplements, non-prescription well-being remedies and promoting general well-being. Aveda Ayur is focused to develop clinically validated premium products for its customers for their optimal health. Our range is free from heavy metals, toxins, harmful additives. We have certificates for authenticity & purity from competent authorities . Aveda Ayur formulations are manufactured at GMP and ISO certified facilities. Our products are 100% free from animal content and are non-genetically modified. Our products are free from parabens, glutens, colours & artificial flavours.

Our Mission

Being & healthy has become the number one priority in today's highly competitive milieu. Information and availability of original and genuine resources to maintain a healthy lifestyle is becoming obscure and camouflaged. Shoddy products containing artificial stimulants laden with pesticides, toxins and metals are being sold thus killing the already very fragile and vulnerable structure of human body.

Aveda Ayur is your one stop solution and antidote for all these ailments , to become your saviour and trustworthy name for all wellness related requirements. We source, process and preserve our ingredients to maintain the optimal strength and longer usage selectively. We emphasise on developing small batches of products so that we can maintain maximum purity and authenticity.

OUR CERTIFICATIONS

Halal Certificate: The Halal certificate is a document that guarantees that products and services aimed at the Muslim population meet the requirements of Islamic law and therefore are suitable for consumption in both Muslim-majority countries and in Western countries where there is a significant population group who practice Islam.

Kosher Certification is the stamp of kosher approval by a rabbinic Agency verifying they have checked the product's ingredients, production facility, and actual production to ensure all ingredients, derivatives, tools, and machinery have no trace of non-kosher substances.

ISO 22000:2018 - ISO 22000 sets out the requirements for a food safety management system and can be certified to it. It maps out what an organization needs to do to demonstrate its ability to control food safety hazards in order to ensure that food is safe.

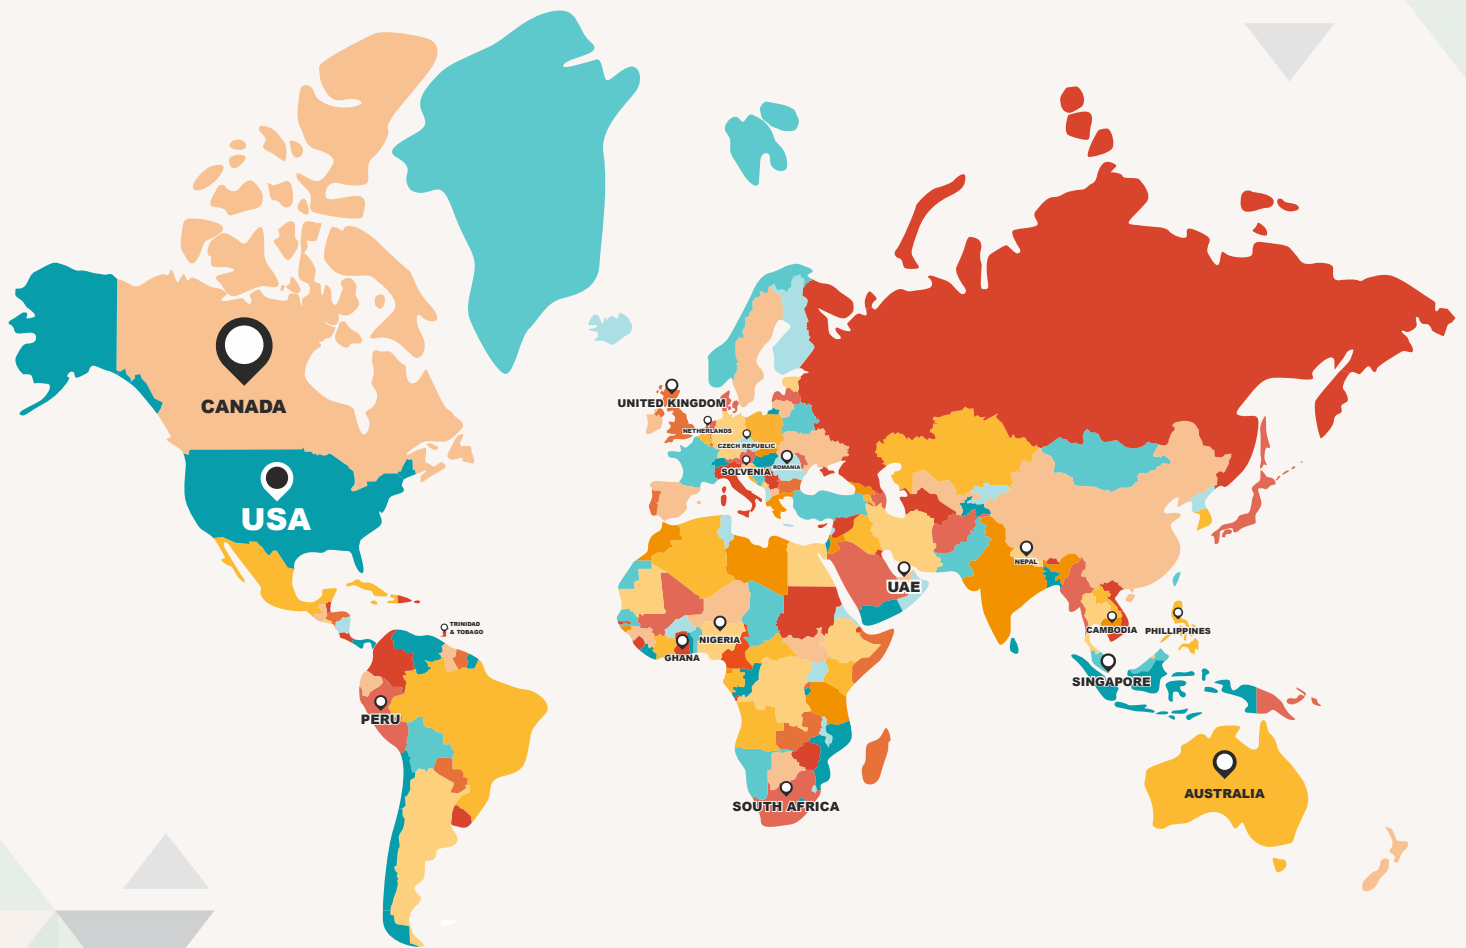

GMP - The acronym stands for Good Manufacturing Practices, and to be GMP certified means that the manufacturer has demonstrated a strong regulatory commitment and compliance to international GMP standards.

HACCP - Hazard analysis and critical control points, or HACCP is a systematic preventive approach to food safety from biological, chemical, physical hazards, and more recently radiological hazards in production processes that can cause the finished product to be unsafe and designs measures to reduce these risks to a safe level.

Life Aveda®
A True Devotion to Healing

Immunity Boosters

Immune system consists of organs, cells, tissues, and proteins. Together, these carry out bodily processes that fight off pathogens, which are the viruses, bacteria, and foreign bodies that cause infection or disease. Immunity management system basics are: fighting bacteria, reducing inflammation and increasing antioxidant activity. To strengthen our immunity naturally is our best defence. We need to sweat out in gyms, staying hydrated, have adequate sleep, eat plant based foods, fermented foods and healthy fats and have to manage stress. Our extracts are premium and are made from natural resources compensating any inadequacy in the immune system.

We have developed special formulations to guard against viral infections like COVID-19, to strengthen lungs and Premium Curcumin 95% is a super booster to strengthen inherent overall defences.

Joint & Bone Care

Being able to walk pain free is a blessing and is possible only with healthy, strong & lubricated joints. Joints are like glue. They hold our bones together and support movement and flexibility within the frame of our skeletons. Healthy cartilage helps your movement by allowing bones to glide over one another.

We have worked on formulas to strengthen this slippery tissue along with supplements to reinforce our joints thus pre-empting the onset of issues like Osteoarthritis, Rheumatoid arthritis & Gout.

It is important to beat inflammation wherever possible—inflammation is the primary source of cartilage breakdown and we are providing Supreme Curcumin to rebuild.

Premium Ortho Aid

Ortho-aid supports joint health so you can enjoy your active lifestyle. These traditional herbs protect, lubricate joints and tissues. Our formula relieves aches and stiff muscles. It also enhances grip and hold capacity of weak hands.

Did you know..?

- Protects and lubricates the joints and tissues
- Reduces joint inflammation and swelling
- Reduces stiffness and spasm
- Supports joint reparation
